

Fast track application for general and/or specialist registration

Profession: Podiatry

Part 7 Division 6 of the Health Practitioner Regulation National Law (the National Law)

The Podiatry Board of Australia (the Board) has decided on a fast track application process for practitioners who:

- previously held general registration as a podiatrist and/or specialist registration as a podiatric surgeon in Australia
- did not apply for renewal of registration within one month of the 30 November 2023 expiry date (i.e. before 31 December 2023), and
- are now applying for registration between 1 and 31 January 2024.

This fast track application process is only available for one month after the previous registration has lapsed. It differs from the standard application process in that it does not require:

- verification of identification unless there has been a change in criminal history
- verification of qualifications if recorded as part of previous registration
- verification of English language skills, and
- verification of registration history or work history.

It is important that you refer to the Board's registration standards, codes and guidelines when completing the form. These documents can be found at www.podiatryboard.gov.au.

You are unable to practise until your application has been finalised and your details appear on the public register. If you are currently practising, you must stop immediately.

This application will not be considered unless it is complete and all supporting documentation has been provided. Supporting documentation **must** be certified in accordance with the Australian Health Practitioner Regulation Agency (Ahpra) guidelines. For more information, see *Certifying documents* in the *Information and definitions* section of this form.

Fast track applications are usually processed within 48–72 hours unless the practitioner fails to provide sufficient information, has made an adverse declaration or previously held registration that was subject to conditions. In these circumstances, processing time frames may extend beyond the usual timeframes.

Privacy and confidentiality

The Board and Ahpra are committed to protecting your personal information in accordance with the *Privacy Act 1988* (Cth). The ways the Board and Ahpra may collect, use and disclose your information are set out in the collection statement relevant to this application, available at <https://www.ahpra.gov.au/About-Ahpra/Privacy.aspx>

The CDNA has developed guidance on exposure-prone procedures in *Guidance on classification of exposure prone and non-exposure prone procedures in Australia 2017* available online at <https://www.health.gov.au/resources/collections/cdna-national-guidelines-for-healthcare-workers-on-managing-bloodborne-viruses?language=en>

AUSTRALIAN NATIONAL GUIDELINES FOR THE MANAGEMENT OF HEALTHCARE WORKERS LIVING WITH BLOOD BORNE VIRUSES AND HEALTHCARE WORKERS WHO PERFORM EXPOSURE PRONE PROCEDURES AT RISK OF EXPOSURE TO BLOOD BORNE VIRUSES

The Communicable Diseases Network Australia (CDNA) has published these guidelines. The following is a summary of the requirements in the CDNA guidelines:

Healthcare workers who perform exposure prone procedures (EPPs) must take reasonable steps to know their blood-borne virus (BBV) status and should be tested for BBVs at least once every three years. They are also expected to:

- have appropriate and timely testing and follow up care after a potential occupational exposure associated with a risk of BBV acquisition
- have appropriate testing and follow up care after potential non-occupational exposure, with testing frequency related to risk factors for virus acquisition
- cease performing all EPPs if diagnosed with a BBV until the criteria in the guidelines are met, and
- confirm that they comply with these guidelines when applying for renewal of registration if requested by their board.

Practitioners who are living with a blood-borne virus and who perform exposure-prone procedures have additional requirements. They are expected to:

- be under the ongoing care of a treating doctor with relevant expertise
- comply with prescribed treatment
- have ongoing viral load monitoring at the appointed times
- not perform EPPs if particular viral load or viral clearance criteria are not met (see detailed information in the guidelines according to the specific BBV)
- seek advice regarding any change in health condition that may affect their fitness to practise or impair their health
- release monitoring information to the treating doctor
- if required, release de-identified information to the relevant area of the jurisdictional health department/Expert Advisory Committee, and
- if required, release health monitoring information to a designated person in their workplace in the event of a potential exposure incident to assess the requirement for further public health action.

Additional information can be found in the CDNA *Australian National Guidelines for the Management of Healthcare Workers Living with Blood Borne Viruses and Healthcare Workers Who Perform Exposure Prone Procedures at Risk of Exposure to Blood Borne Viruses* available online at <https://www.health.gov.au/resources/collections/cdna-national-guidelines-for-healthcare-workers-on-managing-bloodborne-viruses?language=en>

DO NOT send original documents unless specified.

Copies of documents provided in support of an application, or other purpose required by the National Law, must be certified as true copies of the original documents. Each and every certified document **must**:

- be in English. If original documents are not in English, you must provide a certified copy of the original document and translation in accordance with Ahpra guidelines, which are available at www.ahpra.gov.au/registration/registration-process
- be initialled on every page by the authorised officer. For a list of people authorised to certify documents, visit www.ahpra.gov.au/certify.aspx

Any documents containing a photograph must be annotated with the statement 'I certify that this is a true copy of the original and the photograph is

a true likeness of the person presenting the document as sighted by me.'

For more information, Ahpra's guidelines for certifying documents can be found online at www.ahpra.gov.au/certify.aspx

You must provide evidence of a change of name if you have ever been formally known by another name(s) or any of the documentation you are providing in support of your application is in another name(s).

Evidence must be a certified copy of one of the following documents:

- Standard marriage certificate (ceremonial certificates will not be accepted)
- Deed poll.
- Change of name certificate.

Faxed, scanned or emailed copies of certified documents will not be accepted.

CONTINUING PROFESSIONAL DEVELOPMENT (CPD)

You are required to participate regularly in continuing professional development (CPD) that is relevant to your scope of practice.

Consumers of podiatric services have the right to expect that podiatrists will provide services in a competent and contemporary manner that meets best practice standards. Continuing professional development is an interactive process to maintain, enhance and extend the practitioner's knowledge, expertise and competence throughout their career. It is an important component in the continued provision of safe and effective services.

CRIMINAL HISTORY

Criminal history includes the following, whether in Australia or overseas, at any time:

- every conviction of a person for an offence
- every plea of guilty or finding of guilt by a court of the person for an offence, whether or not a conviction is recorded for the offence, and
- every charge made against the person for an offence.

Under the National Law, spent convictions legislation does not apply to criminal history disclosure requirements. Therefore, you must disclose your complete criminal history as detailed above, irrespective of the time that has lapsed since the charge was laid or the finding of guilt was made. The Board will decide whether your criminal history is relevant to the practice of your profession. You are not required to obtain or provide your Australian criminal history report, Ahpra will obtain this check on your behalf. But if you have not given us certified proof of identity documents since October 2019, you will need to do this first.

Any document containing a photograph must be annotated with the statement 'I certify that this is a true copy of the original and the photograph is a true likeness of the person presenting the document as sighted by me.'

You may be required to obtain international criminal history reports.

For more information, view the full registration standard online at

www.podiatryboard.gov.au/Registration-Standards

and the requirements for supplying proof of identity and certified documents at www.ahpra.gov.au/Registration/Registration-Process/Proof-of-Identity and www.ahpra.gov.au/Registration/Registration-Process/Certifying-Documents

IMPAIRMENT

The National Law defines impairment as 'a physical or mental impairment, disability, condition or disorder (including substance abuse or dependence) that detrimentally affects or is likely to detrimentally affect your capacity to practise the profession'.

An illness or health condition that is safely managed is not the same as impairment, as these do not have a detrimental impact on your capacity to practise. Examples you do not need to tell us about include:

- wearing prescription glasses to correct your vision or hearing aids to correct your hearing, or
- seeing a psychologist for anxiety and following a treatment plan.

The National Law requires you to declare any such impairments at the time of renewal, including details of the impairment and how it is managed.

PRACTICE

Practice means any role, whether remunerated or not, in which you use your skills and knowledge as a health practitioner in your profession. Practice is not restricted to the provision of direct clinical care. It also includes using professional knowledge in a direct non-clinical relationship with clients, working in management, administration, education, research, advisory, regulatory or policy development roles and any other roles that impact on safe, effective delivery of services in the profession.

PROFESSIONAL INDEMNITY INSURANCE (PII)

You cannot practise as a podiatrist or podiatric surgeon in Australia unless you are covered by your own, or third-party professional indemnity insurance (PII) arrangements that meet the requirements of the Board's registration standard.

Remember, practising means using your skills and knowledge as a health practitioner in any paid or unpaid role in your profession.

Initial registration and annual renewal of registration requires a declaration that you will be covered for all aspects of practice for the whole period of the registration. You may be covered by your Australian employer's PII - you will need to confirm this with your employer.

For more information, view the full registration standard online at www.podiatryboard.gov.au/Registration-Standards

REGENCY OF PRACTICE

To ensure that you are able to practise competently and safely, you must have recent practice in the scope in which you intend to work during the period of registration for which you are applying.

To meet the standard you must have practised at least:

- 450 hours within the previous three years, or
- 150 hours within the previous 12 months in your intended scope of practice.

If you have been absent from practice, the specific requirements for recency depend on your scope of practice, your level of experience and the length of absence from the scope.

If you propose to change your scope of practice, the Board will consider whether your peers would view the change as a normal extension or variation in a scope of practice, or a change that would require specific training and demonstration of competence.

Practitioners who are unable to meet the Board's registration standard for recency of practice may be required to complete professional development activities, submit a plan for re-entry to practice or other training or assessments.
